ENGLISH FOR PHARMACEUTICAL COMMUNICATION

5 learners per session

10 sessions per module

60 minutes each session

Expert teachers are native English speakers

Class scheduling is integrated into the eLearning dashboard

GROUP CLASSES:
\$400 USD per learner
1:1 CLASSES:
\$750 USD

Program Features

- **Progressive structure:** Starts with introductions and basic industry concepts, building to complex regulatory and safety topics
- **Integrated skills:** Each session combines vocabulary, grammar, reading, writing, speaking, and listening
- **Authentic contexts:** Role-plays, case studies, and real-world scenarios from pharmaceutical settings
- **Practical language:** Focus on functional communication (reporting, describing processes, giving warnings, writing emails)
- **Flexible delivery:** Can be taught as 10 one-hour sessions, 5 two-hour sessions, or 2 five-hour sessions

Topics Covered:

- Industry roles and departments
- Drug development process
- Quality assurance and GxP
- Clinical trials
- Regulatory documentation
- Pharmacovigilance
- Production processes
- Laboratory safety
- Marketing and cultural aspects
- Professional presentations
